If you're looking for ways to find free music downloads, there are tons of completely legal resources available. In this article, I'll take a look at 12 of the best places to find legal and free music downloads. I've visited each of the websites listed below and downloaded a couple of songs from each to check for quality and see the type of content each site offers. Where to Get Legal, Free Music Downloads When you start looking for free music online, it won't be long before you start coming across less-than-reputable websites. Some may actually require paid memberships or subscriptions while others provide access to pirated content. Still, there are several websites and apps that you can use to get free music downloads that are completely legal. Among them are Jamendo, SoundCloud, DatPiff and even YouTube. If you're looking for free ways to download music that you'd normally have to pay for, you probably won't find it on this list. Instead, I've compiled 12 completely legal resources for finding free music downloads. In the table below, you'll see a list of those resources, the most popular genres available, what platforms each service uses and the app's average rating on Google Play and the App Store (if applicable). Website/App Genres Platforms App Store Rating SoundCloudPop, HipHop, R&BApp (iOS and Android) and Website4.5 ReverNationAlt/Rock/Indie, Electro/Pop/Dance, HipHop/R&BApp (iOS and Android) and Website4.7 JamendoPop, Rock, Electronic, HipHopApp (iOS and Android) and Website2.5 SoundCloudInstrumentals, HipHop, ElectronicApp (Android) and Website3.8 DatPiffHipHop, Rap, Urban, R&BApp (iOS and Android) and Website4.7 MusopenClassical, InstrumentalApp (iOS and Android) and Website8.8 Amazon MusicGospel, Christmas, ClassicalApp (iOS and Android) and Website4.6 Last.fmAll GenresApp (iOS and Android) and Website2.7 BandcampAll GenresApp (iOS and Android) and Website4.4 YouTubeAll GenresApp (iOS and Android) and Website4.4 NoiseTradeAlternative, Country, HipHop, Pop, R&BWebsiteN/A Tribe of NoisePop, Rock, Electronic, Roots, Classic, UrbanWebsiteN/A When you visit one of these websites or download the apps, you may have to create a free account to continue. But you shouldn't have to enter any payment information to gain access to the content. At most, you might have to disable your ad blocker if you're visiting the website. Below, you'll find more information about each of these sites and apps. You can also click on the links to visit each site or app. If you're looking for a specific genre, you can use the search bar at the top of the page to see all of the available free music downloads. When I scrolled through the available selections, I saw tons of mood-themed playlists in addition to pop hits and well-known artists. On the home page of the website, you'll find the top-rated featured playlists for several music genres including hip-hop & rap, R&B, new music and more. If you're looking for a mobile experience, the SoundCloud app is also available for iOS and Android devices. ProCons Stream and download music for free Community of listeners Big selection of both popular and new music You have to create an account to download music Not all songs are downloadable ReverNation Genres: Alt/Rock/Indie, Electro/Pop/Dance, HipHop/R&B Platforms: App (iOS and Android) and WebsiteApp Rating: 4.7 Stars ReverNation focuses on the independent music industry by helping upcoming artists connect with a growing fanbase. When you first visit the website, you can click "Join as a fan" to get started. You'll just need to enter your email address, name and ZIP code to create a free account. Once you're signed in, you can click on the "discover" tab to find featured collections, trending tracks, music videos and more. Once you've found a song you like, you can click the download button on the media player to add the track. In this case, you'll need to use the Android app or the website. The "My Library" tab to create and save playlists, favorite songs and subscribe to artists you'd like to keep up with. "Crowd Pick" is another great way to discover new music, powered by "Crowd Pick" tabs below. You can keep up with live events and upcoming artists. ProCons Great selection of independent music and local artists Great selection of independent music and music videos in addition to download files. You have to create an account to stream or download music. Not a big selection of popular titles and artists. If that's what you're looking for Genres: Pop, Rock, Electronic, Hip-Hop/Platforms: App (iOS and Android) and WebsiteApp Rating: 2.5 Stars When you first visit the Jamendo website, you'll have to choose from Jamendo Music, Jamendo Licensing or join as an artist. Jamendo Music is what most listeners should select. You'll instantly be able to stream music that you see on the website, but you will need to create a free account if you want to download any files. On the homepage, you'll see a convenient table tool that allows you to sort music based on "best-of," "trending," and "latest." Additionally, you can specify which genres you're interested in. While the top five genres include pop, rock and hip-hop, you'll also find jazz, indie, classical, folk, R&B, country, blues and more. In addition to the featured music on the homepage, you can click the "Explore" tab to discover communities, playlists and latest releases. The "Radios" tab allows you to explore stations similar to what you'd see on Spotify. The "Selections" tab is also a great way to find new and trending music. Once you've found a song you'd like to save, simply click the download button next to the track's title in the playlist or on the media player. ProCons The website is user-friendly and easy to navigate Great selection of independent music and upcoming artists You don't need an account to stream music online YouTube'll need to create an account to download music The app has low ratings due to usability and technical issues SoundCloud Genres: Instrumentals, Hip-Hop, Electronic Platforms: App (Android) and WebsiteApp Rating: 3.8 Stars SoundCloud is a music-based social community that lets users stream, download, sell and license music. Of course, that means not all of the music is free to download. To the right of the track title, you'll either see a price, a download button (free) or no additional options (streaming only.) SoundClick maintains a chart of the top songs in each category, which makes it easy to find new music based on the genres you enjoy. In the image above, you can see that I was browsing the hip-hop charts. You'll also find a great selection of acoustic, alternative, classical, country, jazz, metal, pop and rock music among other genres. Unlike some other websites/apps on this list, you don't have to create an account in order to download music. Still, you can create a free account to customize playlists, follow your favorite artists and connect with other SoundClick users. ProCons The website is user-friendly and easy to navigate Music is available for streaming and downloading You don't have to create an account to download music The app has low ratings due to usability and technical issues Not all of the music is free or downloadable DatPiff Genres: HipHop, Rap, Urban, R&B Platforms: App (iOS and Android) and WebsiteApp Rating: 4.7 Stars If you're looking for free hip-hop, rap and urban music downloads, DatPiff is definitely a resource worth checking out. You'll find a huge community of fans and artists who share original mixtapes and singles. On the homepage, you'll see featured albums, what's hot now, recent exclusives, upcoming releases and top of the month selections. Once you've found an album you'd like to check out, click on it and choose "stream" or "download." You can also choose to listen to/download individual songs by scrolling over the title and clicking one of the two options. Not all songs are available for free on DatPiff. Some albums you can only stream, while others are available for purchase. Still, there's a huge selection of free music downloads that you can access without an account on DatPiff. ProCons You don't have to create an account in order to stream or download Great selection of both independent and popular artists Not all songs are available for free downloads Limited variety of genres Musopen Genres: Classical, Instrumental Platforms: App (iOS and Android) and WebsiteApp Rating: 4.8 Musopen focuses on providing access to free sheet music, educational materials and apps for teachers and students. However, you'll also find royalty-free music recordings that you can listen to online or download for free. If you do create an account, you'll be able to download sheet music for free. ProCons Free sheet music and educational materials available for teachers and students You can listen to and download royalty-free music recordings for free You can download sheet music for free Amazon Music Genres: Gospel, Christmas, Classical Platforms: App (iOS and Amazon) and WebsiteApp Rating: 4.6 Stars While you probably think of Amazon as an affordable and convenient online retailer, you may not realize it's also a resource for finding free music downloads. Amazon Music is a streaming platform and an online music store that offers exclusive perks to Prime members and Amazon Music Unlimited subscribers. Even if you don't belong to one of those programs, there are tons of songs that you can stream and download for free. At the time of writing, there were more than 6,000 free songs available. As I scrolled through them, I mostly saw religious music, relaxing soundscapes, classical music and traditional holiday tunes. When you find a song that you're interested in downloading, just click "Buy Song Free" on the right-hand side of the screen. In addition to downloading mp3 files, you can open Amazon Music's web player or app to stream popular playlists and stations. Unfortunately, you'll have to pay for a Prime/Amazon Music Unlimited membership in order to listen to most songs. ProCons You can stream and download songs for free without an account Amazon Music has a large selection of free music available for streaming and downloading Amazon Music has a large selection of free music available for streaming and downloading Last.fm Genres: All Genres Platforms: App (iOS and Android) and WebsiteApp Rating: 2.7 Stars Last.fm is most prominently known as a free online radio that allows you to stream and track your favorite music. If you create a free account, you can build playlists, get custom recommendations on new music and connect with other music fans who have similar tastes. An account is not required to stream music. While it's focused on online streaming, Last.fm also offers a selection of free music downloads online. At the time of writing, there were more than 220 songs available to download for free. While you won't find a big selection of popular artists and albums on Last.fm, you will find a great selection of independent music in all genres. Unfortunately, the Last.fm app for iOS and Android devices works a little differently from the website. Instead of letting users stream and download music, the app only monitors what you're listening to via other apps on your smartphone. This helps track the listening history of users who have created accounts which leads to more relevant music suggestions. ProCons Wide variety of artists and genres You don't have to create an account to download music Stream and track your favorite music In addition to downloading it The app only allows you to track what you're listening to on other platforms Not all music is downloadable Bandcamp Genres: All Genres Platforms: App (iOS and Android) and WebsiteApp Rating: 4.4 Bandcamp is another great resource for finding independent artists and free music downloads. The website allows up-and-coming artists to upload songs and albums that fans can then stream or purchase for downloads. However, not all artists charge for their work, and there's a great selection of music that you can find at no cost at all. To get started, check out the free music tag on Bandcamp. You'll see free music highlights and all free music releases including new and notable work, all-time "best selling" tracks and more. Once you've found a title you're interested in, you can click "play" to begin streaming it instantly. If you do create an account, you'll be able to download songs for free. ProCons You can stream and download music for free without an account Bandcamp has a large selection of free music available for streaming and downloading Bandcamp has a large selection of free music available for streaming and downloading NoiseTrade Genres: All Genres Platforms: App (iOS and Android) and WebsiteApp Rating: 4.4 NoiseTrade is another great place to find free music downloads on your computer. Unfortunately, there is no app for iOS or Android. While you can access some music for free without having to create an account, an account is free to make and unlocks several features of the website including a bigger selection of music. Once you've created an account, you'll be asked a little about your music tastes and preferences before the site will let you search for and download songs. You can click on "Music" or "Artists" at the top of the screen to browse featured music. Once you've found a track you'd like to listen to, simply click the title to see more information, stream the song or download the track. Note that not all songs are available for download, but many are. Tribe of Noise acquired Free Music Archive in 2019, which is another website worth checking out for free music downloads. While the website isn't updated anymore, you'll still find thousands of free songs to stream and download. You can also click on the "Free Music" tab to see a list of free music downloads. ProCons You can stream and download music for free without an account Tribe of Noise has a large selection of free music available for streaming and downloading Tribe of Noise has a large selection of free music available for streaming and downloading SoundCloud Genres: All Genres Platforms: App (iOS and Android) and WebsiteApp Rating: 4.4 SoundCloud is another great place to find free music downloads.
