Many slang words are floating around these days that you can't even understand that you are using half of them. And thanks to our obsession with text and Twitter, new abbreviations continue to tick all the time. These words slang millenary are thrown around the internet and in person, but good luck finding them in the dictionary. Although Merriam-Webster has officially added the type of "bingeable" and "hangry" to its thousands of voices, etymologists can have a difficult time keeping up with all the lingo making it in the mainstream of these days. And if you've ever hung out around adolescents, then you also know that existing words like "fantasm" and "receipts" can have completely different meanings. Correct warning. Prepare for the main eyerolls before using any of these terms around your children, but at least you will understand the memes that are thrown around in the text of the family group. 1Basic Outside the chemical class, the base describes something (or someone) extremely mainstream.
