Destiny 2 eclat entropique

```
Dans Destiny 2: Beyond Light, localiser les positions des éclats entropiques est une condition préalable à l'étude du triomphe des ténèbres. Afin de vous faciliter la tâche, nous avons mis au point ce guide qui vous fournira tous les détails que vous devez connaître pour tous les emplacements des fragments entropiques de Destiny 2 Beyond
Light. Destiny 2 Beyond Light Entropic Shard Emplacement liée à la Compétences de stase. Éclat entropique 1: Crête de Cadmus Ridge, à l'ouest de la ville, près du bâtiment rouge qui mène à Bray Exoscience, se trouve le
premier éclat entropique. Vous pourrez trouver le fragment à l'extérieur dans la neige au coin de la rue. Éclat entropique 2: Abîme d'astérion Vous trouverez le prochain éclat entropique dans Asterion Abyss. Recherchez une grande structure Vex, une fois que vous avez terminé, continuez et montez sur la structure. Vous trouverez le fragment placé
dans un coin. Entropic Shard 3: Secteur perdu du Vide dissimulé Pour ce fragment, vous devrez vous rendre en Europe. L'éclat entropique se trouver flottant dans la lumière jaune du Vide dissimulé Pour ce fragment, vous devrez vous rendre cet emplacement un peu
plus facile pour vous en éliminant d'abord tous les ennemis. Entropic Shard 4: Eventide RuinsAllez-y et atteignez les ruines Eventide, qui se trouvent près de la route vers Asterion Abyss. Lorsque vous sortez des abysses d'Astérion, vous ferez face à une rampe enneigée qui mène à droite. Une partie démolie d'une maison se trouve à gauche de la
rampe. L'éclat est caché derrière les poutres en acier et les tuyaux. Éclat entropique 5: Bunker E15. perdu. Combattez et assommez les ennemis dans cette zone. Maintenant, regardez la vitre, et il y a un éclat dans le coin supérieur droit, niché dans le coin. Éclat entropique de l'approche Riis-Reborn est très profond dans la région. Pour le trouver, vous devrez monter le deuxième ascenseur gravitaire et
chercher derrière les escaliers. Utilisez l'ascenseur gravitaire pour monter (c'est le premier) en commençant par Eventide Ruins, sprintez devant les ennemis et traversez les halls. Prenez la porte à droite lorsque vous atteignez l'espace où vous avez été initialement poursuivi par les Phylaks lors de la campagne Beyond Light. Montez l'ascenseur par
gravité dans l'espace suivant. Passez derrière les marches en haut pour trouver un éclat. Éclat entropique, en particulier la salle des boss. Juste à droite de la porte, il flotte au-dessus des piliers. Quant à la façon dont vous arrivez ici, la randonnée à travers l'approche Riis
Reborn est très longue. Vous devez commencer à Eventide Ruins et parcourir Riis-Reborn Approach, pour savoir comment vous avez frappé Technocrat's Iron. Déplacez-vous vers le haut sur deux ascenseurs par gravité, puis dans le téléporteur. Sautez sur la plate-forme suivante après avoir quitté le téléporteur et entrez dans le couloir. Avec le couloir
tout droit menant à Kell's Rising, vous pouvez rencontrer une fourche, mais la route à gauche vous mène à Technocrat's Iron. Prenez le chemin de gauche, à partir de maintenant, il n'y a vraiment qu'une seule direction. Éclat entropique 8: la montée de KellLe huitième emplacement de Entropic Shard est dans Kell's Rising. Le fragment est situé sur la
toute dernière plate-forme de la ville où vous pouvez entrer. Vous apercevrez 2 tireurs d'élite vandales sur la droite lorsque vous arrivez au pont, éliminez-les et arrivez à l'endroit où ils devaient trouver un escalier, le fragment est en dessous ici. Vous devrez commencer à Eventide Ruins et progresser dans la stratégie Riis-Reborn pour savoir comment
vous pouvez frapper Kell's Rising. Passez ensuite à deux ascenseurs de gravité et à un téléporteur. Sautez sur la plate-forme après avoir quitté le téléporteur et atteignez le couloir suivant pour croiser une bifurcation sur la route – la gauche vous amène à Technocrat's Iron et vous êtes amené à Kell's Rising en courant tout droit. Il n'y a qu'un seul
moyen d'arriver à la plate-forme finale à partir d'ici, alors continuez à marcher. Éclat entropique 9: CréationLe dernier éclat entropique se trouve dans la crête de Cadmus via Bray Exoscience. Cependant, notez que cette zone n'est pas actuellement à l'intérieur de l'espace jouable. Et selon les rapports, il est indiqué

Dans le coin de l'un des plafonds (voir ci-dessous), il y aura un éclat entropique flottant. Supprimez-le et vous n'en avez plus qu'un. Éclat 4 Le dernier est situé dans le quartier de Riis
Reborn. Continuez via l'ascenseur flottant comme d'habitude et progressez dans le chemin jusqu'à la pièce où vous avez combattu Eramis, soit prendre un ascenseur et dès que vous arrivez, passez derrière les escaliers pour voir un très faible éclat entropique qui vous attend (voir ci-dessous)
