Road Angel Halo Start Dash CamCapture every detail in Full HD 1080p with the Halo Start dashcamHalo Start is equipped with the latest image sensor, elevating its recording capabilities to provide extended distance coverage and improved clarity when detecting obstacles. This cutting-edge technology ensures a comprehensive view, capturing intricate details often overlooked by the naked eye. Whether navigating through challenging terrains or encountering unexpected scenarios, the Halo Start excels in delivering a heightened level of precision and clarity.Variable Sensitivity G-sensorIn line with our 24/7 Always-on Parking mode, when hardwired, the camera will automatically power up and save the event if the G-Sensor is triggered by physical movement or damage to the vehicle. The G-sensor sensitivity is adjustable in the smartphone application.24/7 Always-on Dashcam with Parking ModeThanks to the Halo Starts Parking Mode (hardwiring kit required) your vehicle is protected when youre away. Park up, turn your ignition off and the Halo Vision will automatically enter into Parking Mode within a set time and desired setting for a set duration of time or a timed voltage cut-off.120 Wide Recording AngleImmerse yourself in the crispness of 1080p Full HD with the Halo Start dashcam. Its compact design and lack of a distracting monitor ensure a seamless experience. Capture the road with a 120-degree field of view, providing an expansive perspectivealmost as much as the human eye can seeo you wont miss a single detail!No Screen! No Distraction!The Halo Start is focused on 2 things, safety and giving you great value! Theres no need for a screen, so why add one? To distract you? No thanks! Our super compact dash cameras give a minimal footprint and take up next to no space when installed in the vehicle, causing no dangerous glare or distraction to the driver!Please only use the HALO app when safely parked up. FEATURES:G-Sensor, Parking ModeRECORDING1920x1080P @30fpsLENS2G2P+IR120 Wide Angle - F2.1 ApertureIMAGE SENSORGC2083, 1/3.0, 2MPPROCESSORSigmastar SSC3333STORAGESupports upto 256GB Class 10 Micro SD Card(Minimum recommended size 16GB) In Phase International Ltd, Space Data Centres Ltd and/or their affiliates (Road Angel) offer returns for most items within 30 days of receipt of delivery.At Road Angel we want you to be happy every time you shop with us. Occasionally though, we know you may want to return items and by law you have the right to cancel the purchase of most items within 14 days without giving any reason. You also have statutory rights where goods are not as described, not fit for purpose or not of satisfactory quality.Statutory Cancellation RightYou have the statutory right to cancel your order for any reason within 14 days beginning with the day you receive the item (please see clause 2 of our Conditions of Sale for the full instructions on cancellation and further information on your right of cancellation). We only accept cancellations via phone - 0330 320 3030, email - sales@roadangelgroup.com or post - Road Angel Returns, DB House, Rani Drive, Nottingham, NG5 1RF, United Kingdom.Our Voluntary Returns PolicyAs well as your statutory cancellation rights described above, you can return most products within 30 days of receipt if the products are complete and are in an unused and undamaged condition. We only accept returns via phone - 0330 320 3030 or post - Road Angel Returns, DB House, Rani Drive, Nottingham, NG5 1RF, United Kingdom.Please note that this returns policy doesn't affect your statutory rights and therefore doesn't affect your right of cancellation as described above.Please note that you must return each item in the same condition in which you received it. This means that new items must be returned new, unused and complete (including all accessories). Refunds for returned items that are not received in this condition, may be reduced.Return MethodsIn most cases, Road Angel will provide you with a pre-paid returns label if the item(s) is defective, damaged or incorrect. If you return the item(s) for any other reason, you will have to bear the direct cost of returning these goods. You may be liable if the value of the goods returned diminishes due to the handling of the goods (except when it was necessary to establish the nature, characteristics and functioning of the goods).Please note that certain types of items aren't eligible for cancellation or return under our returns policy. You can find out more in the Conditions of Use & Sale.We reserve the right to refuse returns or to charge you our fees and expenses if the product isn't received in new, unopened condition.Other Statutory RightsYou have additional rights in relation to incorrect, damaged or defective goods. For more information about these statutory rights, please visit Citizens Advice website at: www.citizensadvice.org.uk. This link is provided to help our customers find out the rights they have where goods are not as described, not fit for purpose or not of satisfactory quality.If you need to contact us by post, please write to:Road Angel Group, DB House, Rani Drive, Nottingham, NG5 1RF, United Kingdom*In order to ensure a faster response please phone - 0330 320 3030 or email - sales@roadangelgroup.com.Removal of Personal DataWhen returning a product for any reason, you must do so in the exact conditions you received it from In Phase International Ltd, Space Data Centres Ltd and/or their affiliates (Road Angel). In this respect you must entirely delete, remove and eliminate all personal data pertaining to you and/or any third party which may be possibly present in same item, and must de-latch any account possibly latched to same item. You will be fully responsible for any data breach that may occur if you fail to do so. You must remove from the returned product and from the box containing the returned product any item not pertaining to the returned product as originally received from Road Angel. Road Angel will not be responsible for any such items erroneously left by you within the returned product or within the box containing the returned product.Repair & ServiceBelow you will find information if you return item(s) to us for a repair, or if a repair is required due to defective or damaged item(s) under the warranty period.Items which are outside of the warranty period may be subject to a repair cost (see below costs).We reserve the right to send you repaired/refurbished stock.If your device is sent in with a fault that cannot be seen or replicated, it may be subject to a No Fault Found cost (see below costs).As part of the repair process, we may update the firmware to the latest available version. Road Angel cannot be held responsible for any personal user data that is lost or deleted.Repair CostsIf a repair is required, Road Angel may charge a fee if the item(s) are outside of the warranty period, or if they fall under misuse. Please see our Limited Warranty & Conditions of Use and Sale for more information. If the item(s) is subject to any costs, you will be notified prior to work taking place. Should you decline a repair cost, there will be a charge of 25.00 to cover the inspection and return of the item.All prices shown are inclusive of VAT.Repair GuaranteeRoad Angel guarantee's all repairs for 90 days from the completion date. This guarantee only covers the original reported faults, all other fault conditions will be treated as a new failure and charged accordingly. The guarantee DOES NOT cover damage however caused. Please see our Limited Warranty & Conditions of Use and Sale for more information. Our Returns Policy was updated on October 13, 2019. The Halo Start 2 dash cam delivers Full HD 1080p recording, capturing every moment of your journey with sharp clarity. With a wide 120 field of view, the latest image sensor, and HD night vision, it sees more day or night. Thanks to its ultra-compact design and distraction-free screenless build, it blends seamlessly into any car interior.Quick-release mounting makes it easy to move between vehicles, while the built-in Wi-Fi and new companion app let you preview footage in real-time, download clips, and share instantly. When hardwired, Halo Start 2 activates True Parking Mode to watch over your vehicle 24/7, with motion-triggered recording and battery voltage monitoring to protect your cars power supply.Whether you're navigating icy mornings with Winter Mode or bouncing down country roads, auto image stabilisation ensures smooth, clear footage. It's built with UK drivers in mind offering peace of mind with every journey and backed by a 3-year UK warranty.Key Features:Full HD 1080p recording 24/7 Parking Mode (requires hardware kit)Quick-release mountWi-Fi & App ControlScreenless, compact designWinter Mode & Night VisionAuto image stabilisationWhats Included:Halo Start dash camPre-attached Quick release mountingUSB cable with 12v Car ChargerElectrostatic filmQuick Start GuideRoad Angel Halo Start Avoid trailing cables and unlock certain features by having the RAC Shop professional install your in car technology product for you.During your purchase online, you will be asked to select a fitting time and location so that an engineer can then attend your home or place of work to fit your tech product for you.Many dash cams have enhanced functionality when hard wired, so that as well as looking far superior in your car it will be able to enter parking mode to record your vehicle even when you are away and the car is stationary (note this feature is not available on all cameras -see descriptions for details).Fitting will usually take around 1 - 2 hours for dash cams.If you have any questions about our technology fitting service, please contact us 0808 164 9361.Fitting is not available in Highlands or Islands.*Must have offroad facilities for fitting. Delivery Delivery of your order is by courier and will be dispatched same day whenever possible provided the order is received by us before 1pm excluding weekends. All Pet Products need to be ordered before 11am to be eligible for next day delivery. Delivery is free for orders over 50 (excluding car batteries) and 4.99 for next day delivery. Standard delivery is 3.30 for all other orders with a few exceptions for some postcodes* and for some very heavy or very large products. The shipping costs for these can be found at checkout. All batteries incur a 7.99 shipping cost. Some items are flagged as being available to order. In these cases we will either have the product sent direct to you from our suppliers or they will be sent to us to forward on to you. In some cases this can take up to five working days from receipt of your order. If deliveries are to be delayed for any reason a customer service representative will get in touch with you to let you know and agree how you wish to proceed. Should your order not arrive please contact us on 0808 164 9361 as soon as you feel your product is late and we will do everything we can to help. Postcode Exclusions: Scottish Highlands - AB36-38, AB55-56, FK17-21, IV1-39, IV52-54, IV63, KW1-14, PA21-40, PH19-26, PH30-41, PH49-50 Scottish Islands - HS1-9, IV40-51, IV55-56, KA27-28, KW15-17, PA20, PA41-49, PA60-78, PH42-44, ZE1-3 Returns Should you wish to return your item, please fill in the form located here you will then be sent a RMA number and an address to send your product. Faulty products will be replaced as soon as we are able to verify the fault and ship another to you. For items you simply want to return within 14 days of purchase for a refund, a refund will be issued to the card you paid with within 7 days of the item being received by the RAC shop. Please note items sent back without an RMA number generated by our online returns form may take significantly longer to process. Items being returned after 14 days may carry a restocking fee - please contact us on 0808 164 9361 for more information and to discuss your return. The minimum payment due still applies to 0% offer balances. Any remaining balance due after the 4-month promotional period or any transactions under 99.00 will be charged interest at 23.9% p.a. (variable). In order to maintain the 0% offer, you need to keep up monthly repayments and stay within your credit limit. Whats in the box?Halo Start dash camPre-attached Quick release mountingUSB cable with 12v Car ChargerElectrostatic filmQuick Start Guide Capture every detail in Full HD 1080p with the Halo Start dashcamHalo Start is equipped with the latest image sensor, elevating its recording capabilities to provide extended distance coverage and improved clarity when detecting obstacles. This cutting-edge technology ensures a comprehensive view, capturing intricate details often overlooked by the naked eye. Whether navigating through challenging terrains or encountering unexpected scenarios, the Halo Start excels in delivering a heightened level of precision and clarity. 24/7 Always-on Dashcam Parking ModeThanks to the Halo Starts Parking Mode (hardwiring kit required) your vehicle is protected when youre away. Park up, turn your ignition off and the Halo Vision will automatically enter into Parking Mode within a set time and desired setting for a set duration of time or a timed voltage cut-off. 130 Wide Recording AngleImmerse yourself in the crispness of 1080p Full HD with the Halo Start dashcam. Its compact design and lack of a distracting monitor ensure a seamless experience. Capture the road with a 130-degree field of view, providing an expansive perspectivealmost as much as the human eye can seeo you wont miss a single detail! Auto Image StabilisationCamera shake is the thief of sharpness! driving along the road can be a bumpy ride! and often represent the same problem for dashcams! The Road Angel Halo has automatic image levelling so that the video footage comes out smooth with more exposure and less blurring of the image to increase the overall quality of the dashcam footage. HD Night VisionThe Halo Start boasts a large open lens aperture meaning it can let lighter in for better all-around footage, especially in lower lighting conditions.
