I removed the following eleven books from the press. Bang Bang Poland Bang Ukraine Bang Iceland Don~ 128; Huh? Argentina Compendium Roosh226; What? This action coincides with my decision in 160vietare 160vietare sex discussion on my forum, though not discussion of other game mechanics like meeting women and dating someone. I will share more on these decisions in the future, but from now on I226; 128? I will say that I can no longer be a central knot that men use to commit morally questionable acts. In other words, I do it: t wants my work t o be actively used to induce men into sin or to allow them to commit it, and I will lie to them; it can lead to good, as it did in my case, even if at exorbitant cost. I do not want to help men directly in evil. See you226; 128? I am not a believer, it is unlikely that you will understand the nature of these and similar decisions that will come in the future. Another change I've made on my web store is that I don't authorize you with juicy offers that include books that teach fornication if the book you're buying is not on this topic. For example, in the past, if you wanted to buy a book like a dead bat in Paraguay, I would show you an upsell offer that included all my fornicating guides, but now the offer only includes two more memories. For now, IJ has decided not to publish the game because of the large percentage of men who use it in relationships and for marriages, despite the fact that it contains fornication tips. Instead, I changed the sales page to lower the sexual benefits that could be received from it. I haven't published my two pornographic memoirs yet, 30 Bangs and Poosy Paradise, because © reveal the truth of my past and serve as a warning that sexual obsession is not the right way. Along the same lines, I haven't published the best volume of roosh one yet. These three books are more embarrassing to me than harmful to others, although I might change my mind about them in the future. As regards the eleven books I have not published, I find that they have no Redeemer. This leaves a total of nine books for sale. It is important that I state that I do not make this decision for I'm not doing it because I think he protects me from depth (he will do it) or will put me in good relations with any community or institution. As my action on the forum last week showed, I was derided by everyone, especially by those I thought they were friends. These decisions are personal, deriving from my relationship with God and from the plan he has established for me. I'm going to do the right thing, even at the cost of paying me. Although I can choose to do what is right today, I know that my past will continue to follow me for the rest of my life. However, I hope to minimize some of the damages that my work caused. In my live streamings, I repeatedly stated that we must apply the purifying fire to the most degenerate parts of the company, but I realized that that fire must be applied first at the inside. And then let the dirt that I created Bruci, so that I can start my second life with a cleaner consciousness. Read Next article Sex has become an obsession obsession
