Dark academia has officially taken the internet by storm, and if you love the vibe of things like classic literature, writing poetry, and cozy bookish interiors, it may be time to update your wardrobe to reflect the dark academia aesthetic. I for one stumbled upon this fashion trend a few years ago, and I will admit I became a bit obsessed for awhile. I may or may not have joined multiple dark academia Facebook groups in an attempt to soak up just about everything that related to this style trend, whether it comes to fashion, home décor, or even reading recommendations. While the dark academia fashion trend is undoubtedly increasing in popularity though, it's still surprisingly difficult to figure out where to buy dark academia clothes. After all, there are few dark academia clothing stores that advertise themselves as such. Finding dark academia clothes and putting together dark academia outfits often depends on your knowledge of not just dark academia clothing to look for that fits into the dark academia category. Keep reading to learn more about some of my favorite dark academia clothing stores, and how you can incorporate the dark academia aesthetic into your everyday wardrobe thanks to some tried and true tips I've used personally to create my own cozy closet. Before embarking on your dark academia fashion journey, let's first understand what constitutes dark academia outfits. According to The Vou, dark academia fashion takes much of its inspiration from 19th and early 20th century styles — particularly of private school attire in England, and also some American prep styles of the early 1900s as well. The aesthetic focuses on vintage styles and emulates several historic periods, creating an overall nostalgic look. My dark academia outfits often focus on classic pieces such as blazers, tights, or oxfords, and they also follow more muted or moody color scheme to further incorporate the trend into my style. With its muted color palette and timeless appeal, dark academia fashion of course focuses mostly on dark colors. Fall and winter tend to be the most popular seasons among dark academia fashion enthusiasts, incorporating traditional dark seasonal colors such as beige, burgundy, dark brown, green, black, etc. If this doesn't sound a good representation of your style but you still love the idea of the academic aesthetic though, don't worry! Incorporating lighter colors into your dark academia outfits can still help you achieve the look but may fall under the category of "light academia fashion" instead. I personally love drawing inspiration from both the light and dark academia trends when cultivating my wardrobe for a more versatile collection and varied outfits. Both categories also still draw on preppy, vintage, and historical styles, making them both an excellent option for an inspired academia clothing is knowing the 33 dark academia clothing is knowing what dark academia keywords to search for.
