The purpose of this graphic is to help our customers make an informed decision when making a reservation. We do not have the bus. Prevost H3-45 Motor Home Conversion, 1997/2006 Some History About This Coach: The conversion of a new H3-45 shell was being made in 1997 by a new company called Canada Marathon. The company's intention was to build high quality motor houses, maintaining MSRP well below the preamble of competition. This was to be performed by trimming some of the frills and flashiness, still offering ability of comfort resources, quality and great appearance. Although a great idea, unfortunately, Canada Marathon was unable to stay in business for a long time and a financial institute ended up having this coach as well as other assets belonging to this converter. This home motor, although no hundred% completed, remained in a Canadian storage building for several years waiting for legal release. Finally, the coach was placed in the market around 2002, but remained not sold to Galatic Travels bought it in 2004. During the next two years, the coach was taken to 100% conclusion, including some update Very expensive. And from then, the coach has been used only as a motorized home in the next eight years. During this period, the technician only was conducted 107,600 kilometers (which is equivalent to about 50,000 miles). For the comfort of potential buyers, the coach was inspected by the planned car in October, 2014 for mechanical defects and the only observed item was with the muffler with corrosive defects of outer skin. The following modes was owned by ENTWEEN 2005-2006: 1) installed a 2005-style front hat at a cost of \$ 24,000, and a 2005-style bonnet at a cost of These mods give the appearance of a much newer coach (similar to the 2010 style). 2) installed a 15 kW Martin / Yanmar Diesel (now has a total of 460 460 3) Custom painted the coach. 4) Finished all incomplete conversion items. 5) Dome plate in satellite motion on the roof. The following mods were made between 2010 - 2013: 1) Professionally repainted in the ultra-modern scheme, with 6 layers of clear coating. painting scheme was copied from a 2012 Prevost conversion. 2) New chassis and home batteries. 3) Cleaning service all brakes, bearings and hubs. (due to age, not miles). 4) installed radial tires with top-of-line steel belt around. (Substitute due to age, not miles). Now with less than 10,000 miles on them. CHARACTERISTICS: H3-45 Prevost is 45' long / 102" wide / 13.5" tall. 3 areas of solid storage empty compartment: 2 are full width & 1 stretches 2/3 in diameter. (Typically store an ATV in a compartment). Out entertainment center includes small TV, DVD / CD / AM / FM stereo system, frig, barbecue, & shelf sliding. Another storage area contains a complete spare tire. All windows have of aluminum wrapped manual awnings of-handed, as well as a large patio awning manual crankshaft. It can be easily converted to power awnings if you so desire (kit is about \$100 per awning). All windows are double panel and strongly tinted. leveling system Air makes for easy leveling when necessary for comfort. security camera system. GPS Developed by Detroit 60 series of 500 cv diesel (4 times). Lots of power, big fuel economy (average 8-9 mpg). Allison world of 6 speeds electric displacement transmission. 8 Alcos polished aluminum wheels. In movement by satellite antenna and receiver dish. 3 roof mounted duct air conditioners with zone controlled thermostat. Air conditioning drivers and heating systems. All windows have special "see out / do not see in" window masks (lifted / downloadedLED TVs in the living room and bedroom. dvd system and sound in the living room. DVD /VHS in the room. All countertops are in gorgeous granite. The floor â© hard wood floor of high quality, except room. Room Â© high quality carpet. Front steps and area drivers have ceramic tile. Living room has large leather sofa with bed under caster (or storage Giratory armchair, reclining leather chair with ottoman, final table, side area arrow, functional fireplace. The dining area has an expansive granite table with hanger leather seats. It also has decorative wine showcase. Kitchen has sink / modern faucet, convection / microwave oven, upstairs range, side / side refrig. With ice machine, dishwasher, worms and huge drawers. Granite counters. Hall has washing machine / dryer, armaries, private bathroom. The private bathroom has toilet of porcelain, sink and closet. The room has great vanity with sink and closet, large glass shower, queen bed with high quality mattress (rise for access to large storage area), many drawers, huge entrance closure, Night with storage, peeled glass fan, fireplace, hidden LED TV, and lots of space on the ground. Capacity of sweet water tank is 250als. The ability of the sewage containment tank are 250 gals. The capacity of the hot water tank is twenty girls. Water supply pump is not a high capacity type. The diesel fuel tank capacity is 265 Gels and provides fuel without discontinuity for main engine, generator and boiler of the heating system. This coach is in very good general condition, and while an interior update can be desirable for some, it looks very good, is very comfortable, and you will notice very little wear and in all coach. And as one waited for a used eighteen-year-old motorized home, there are some smaller items that the new owner may want to address as: 2 or 3 of the windows (all windows are isolated double glass) have any fogs between the layers of glass; Although the front entrance door can be opened / closed manually or by means, the aiming operations require some adjustment; The bell of the door was inoperative; And some may think that the privacy tones to the area of the frontal needs to improve. This coach © very just mechanically read, s o there is no worries here. WE WILL CONSIDER BEST ENGINE TRADES (35'OR LESS), OR AIRPLANE, OR HOUSE, OR CAR ROD / VAN/ RUTSE. Will! Will! Owner find a 50% discount. Lay down.
