For many, Dolce and Gabbana Light Blue (the luxury perfume that Citrus Green Apple is inspired by) has a nostalgic air. Its an old acquaintance, but not one easily forgotten. And why would it be? This is an impressive perfume, sensual and irresistible, reflecting the joy of a light breeze with a touch of sweetness. Its summer condensed into one bottle infused with the utmost freshness for a (deservingly) iconic scent. The luxury scent that Citrus Green Apple is inspired by first debuted in 2001. Since its release, the luxury fragrance that Citrus Green Apple is inspired by has won several perfume awards, including being named one of the most innovative scents of the century at the Museum of Arts and Design in NYC.Dolce And Gabbanas Light Blue line of perfumes have a distinctly contemporary touch, with a very clean, light, and fresh scent. Its overall profile teases light, floral notes, with subtle hints of wood throughout.LThe luxury scent that Citrus Green Apple is inspired by starts bright and citrusy, combining Sicilian citron, fresh apple, and spontaneous bluebells for a delightfully fruity scent. The middle notes contain elements of bamboo and white rose, giving the fragrance some feminine nuances. Under all of this a light, chaste jasmine scent. As we reach the perfumes depths, we find notes of amber, cedar, and musk.The softer characteristics of the luxury perfume that Citrus Green Apple is inspired by may appeal to women more than men. But despite its floral citrus scent, the scent is not overly feminine. On the contrary, its a balanced, pleasant fragrance that many men might appreciate just as well.Sometimes its nice to wear something light, airy, and not overpowering, the luxury scent that Citrus Green Apple is inspired by is perfect for that. The fragrance will leave a soft scent trail without taking over a room. Even though its light, people will still be able to tell youre wearing something nice, so youll have no trouble getting compliments. The luxury scent that Citrus Green Apple is inspired by should last for approximately six hours good enough for most social situations, such as work or a day out with friends.Summer and spring are the best seasons for the luxury perfume that Citrus Green Apple is inspired by. With its nature-inspired scent, this fragrance is perfect for warmer weather. The scent is fresh and decidedly casual, making it ideal for wear during the day rather than at night, when more sophisticated notes may be preferable.The luxury fragrance that Citrus Green Apple is inspired by is sold as an Eau de Toilette Spray and Intense Eau de Parfum Spray, with the latter offering a more refreshing vibe over the original.Indulgent, playful, and full of energy, Dossiers Citrus Green Apple is a Dolce and Gabbana Light Blue dupe with the same invigorating notes of sparkling citrus and cedarwood. Taking its lead from the same coastal vistas that inspired Dolce & Gabbana, our replica perfectly captures the magic and romance of an Italian summer spent with someone you love.Find your perfect, unique fragrance by combining 2 of our perfumes to create a third scent.
