you're human

Sign in using your Yahoo account Best in class Yahoo Mail, breaking local, national and global news, finance, sports, music, movies and more. You get more out of the web, you get more out of life. You have important things to do in your Yahoo account, so let's get you back in! After you regain access to your account, consider switching to 2-Step Verification to avoid sign-in issues entirely. It's free, more secure and will require a verification code in addition to your password. Live agent help - Contact paid premium support at (800) 745-0739 Password and Yahoo ID issues You forgot your password or Yahoo ID You get an "Invalid ID or Password" error This error message means that the password and Yahoo ID combination you entered doesn't match what we have on record. Consider the following: Other sign-in issues You get a "First time signing in here?" message If you sign in from a device, program, or location that we haven't seen you use before, we may ask you to enter a verification code (sent to your recovery mobile phone or email) to verify that it's really you. If the recovery options displayed for your account are out-of-date, go to the "Can't sign in after trying the steps above?" section of this help article for more info. Your Yahoo account is locked To protect your account, it may be temporarily locked after too many unsuccessful attempts to sign in. It will unlock automatically after 12 hours, but you can always regain access immediately using the Sign-in Helper. If you've been asked to verify your identity multiple times, our system may have detected a threat to your account. When this happens, we may temporarily lock access to protect your information. Below are reasons why your account might be repeatedly locked: Our system detected a risk to your password.Your IP address is hidden or constantly changing.Sign-in attempts are occurring from different geographic locations in a short period of time. If your account is affected, be sure to secure your account and update your recovery information. Your sign-in screen loops or reloads Can't sign in after trying the steps above? If you're unable to use the Sign-in Helper to get into your account because your recovery info is wrong or inaccessible, you may not be able to regain access to your account again. You're always welcome to sign up for a new account, but just make sure to keep your new account's recovery info up to date. Unsubscribe - See all your subscriptions on one screen and opt out of noisy newsletters and pushy promos in one quick tap.
