Shop your favorite brands in person or online in our store! Interested in something not in stock? We can order it for next day availability. Our level system is to teach students a career path and have them practice smart business building skills at ground level. When they graduate they are better prepared and can work smarter, not harder in achieving their professional and personal goals. The increase in price is to celebrate the student's hard work and experience as it means they have completed more services. We paint it as an honors program. The bench marks are not required by the State to graduate but rather allow students to work hard, set, and achieve goals. All services are performed by students under the supervision of a licensed professional. We are not responsible for any lost or damaged items. If you are unhappy with the outcome of your experience a reservice can be requested within one week of your visit and whenever possible will be scheduled with the original student who completed the first service. This policy is to support the students hands-on learning experience, as it's the only way our students can effectively learn and grow to prepare for their career. Beauty Academy er en privat medisinsk hudpleie klinikk med fokus på estetiske, anti-aging og kosmetiske behandlinger pluss at vi tilbyr kurs innen estetisk medisinske og kosmetiske behandlinger ved å invitere de beste eksperter i sitt fagfelt.
