Texture following its two failed attempts to conquer The earth, [n 1] Darkseid and his army continue to conquer other worlds. The Justice League devise a plan to defeat Darkseid taking his war to apokolips leaving Teen Titans on earth to defend her. Unbeknownst, Darkseid League spy through Cyborg, now knowing their plan. As a result, the ally is overwhelmed and defeated by paradooms e genetic hybrid creatures based on parademony and DoomsdayÅ e and the majority of heroes both from Lega and Titans are killed during combat, while those who survive are places in the slavery of Darkseid. Two years after the success of him the conquest of the earth, Darkseid has placed devices called "Reapers" that extract the core of the planet. The surviving heroes accuse Clark Kent / Superman for them that leads into failure. After the failed assault, Superman was forced to be forced after Darkseid tattooed the chest with liquid kryptonite. He and Raven, who is struggling to keep the imprisonment of Trigon [N 2] because of his depression due to losing most of his teammates during Darkseid's attack, seek John Constantine for a spell position To track Damian Wayne. Although reluctant to help at first, considering a coward to escape during the initial attack on the Darkseid and leaving his lover Zatanna to die, Constantine identifies Damian in an abstraction of alloy of the killers in which the group are briefly attacked by Assassins That they are then called out of the damiano, now their boss. Clark explains Damian need him to help break Batman's father without Darkseid's mental control. Damian then accepts with reluctance of to the group. The group trip to Stryker Island to Metropolis and meet with the wife of Clark Lois Lane, who recruited suicide squad to their cause, the company led by Harley Quinn [n 3]. Clark and Lois reveal their plan for Lexcorp and use the boomdotto is there to return to Apokolips and kill Darkseid once and for all. Meanwhile, as a distraction, the remaining heroes launch an attack on the Reapers, but they are slowly killed fighting paradooms. At the building, they are facing Lex Luthor, which reveals that it was a mole work with Lois to get Intel on Darkseid. From there, the group is divided into two with Clark, Raven, Constantine, and Etrigan to go to Apokolips and Lois, Luthor, and the remaining team at the building to defend the boomdotto. Batman informs Darkseid of Luthor's betrayal, pushing Batman to send paradooms and new mechanical converts after heroes. Upon arrival, the Clark group is attacked by the ravies, which consists of Robotica Wonder Woman, Mera, Hawkman, Starfire and Martian Manhunter. Etrigan is killed by Wonder Woman, but Constantine manages to break her free her using her truth. He therefore decides to stay back to reject the other ravies as the head of the group up. They next flash rescue from a treadmill that feed apokolips. While freeing the flash, though, he discovers Constantine who had altered the timeline in the past [N 4]. Shortly thereafter they are facing Cyborg, which was integrated into the planet network. Constantine Frees Cyborg from Darkseid control, which also free the remaining right furious as they are going to overwhelm Wonder Woman. Batman and Darkseid return. Darkseid orders to kill Batman Damian but hesitates when he is remembered of him's death of him, who breaks him to release Darkseid's mind control. In an impetus of anger, Darkseid tries to kill Batman, but the attack of him was intercepted by Damian whose death triggers Raven Trigon free setting, his sudden emotional instability. Costantino offers the body of him as a trigon vessel, but he refuses and takes Clark's body, instead, the elimination of Kryptonite from the body of him, restoring the powers of him, and killing Constantine. Trigon attacks Darkseid. Costantino is briefly visited by Zatanna in the ultrater-terrain life that reveals that you used a spell to manipulate Constantine to escape again to the ground as part of an emergency plan prepared by Batman should bind fail. At the same time, Raven and Zatann relaunch Damian and Constantine. Back to LexCorp, Lois team is surrounded by Paradooms, pushing them to start a self-destruction. Before self-destruction, Lois transmits a message to Apokolips with the help of Cyborg. The death of him shook Clark returns to himself of him and free him from the possession of Trigon. Costantino and Raven decide to join their magic to give trigon a physical body back so that he can continue to fight Darkseid. Cyborg then reveals its teleporting plane the Paradooms returns to Apokolips while dragging the planet into a no exit boomd. Cyborg teleports heroes back to earth and starts the plan of him. Savoring the battle, Trigon prevents Darkseid escape. Despite their victory, Batman reveals a third of Magna della Terra was discharged by the reapers, and that people will continue to die millions before the League is potentially able to find a solution. As a result, Constantine convinces Flash run back in time and restore the timeline again. Flash does so reluctantly and the heroes look like timeline restoration.
