Step 1: Finish the story Your main goal initially will be to simply finish the story. After that, remove the nullifier (throw a grenade at it to blow it up) so that you can use your

In order to earn this you must kill her without her triggering the reactor, and if Fia becomes alerted to your presence, she will trigger the reactor to explode after about 1 minute. Unfortunately,

Then enter the device code (which is the same as the device name seen in Visionary Leads under ¢ÃÂÂEnding It¢ÃÂÂ). Be mindful not to kill the eternalists on the roof, so better use hipfire to avoid triggering auto-aim. The best places to
do this are either in Karl¢ÄÄÄs Bay ¢ÄÄÄ Morning or Updaam ¢ÄÄÄ Noon. Infuse it and equip it with weapon trinkets Big Box (more ammo) & Speedloader (Reload speed increased).
