THE PHONE IS THE PHONE OF SUPERRRR useful this review? (98) (29) Answer No power lock, expensive but no power Lock Å¿ "RAM (11, 11 October 2020) On Gadget 360 Redmi Note 9 Pro Max is a cellular economic evidence while expensive, it does not have an additional structure also does not have the electrical lock support configuration which is very necessary for an Android system mobile phone. So I suggest the update Note 9 Pro Max with the power block. Thanks this review is useful? (11) (7) Reply Kajal Yadav (February 7, 2021) On the 360 gadgets almost recommend using it for 4 months, the quality of the display is so good, sometimes having a fault in the speakers sometimes, the speakers make a Eco, which disturbs to quantity. But I would recommend it by the way. This review is useful? (2) Reply to Game Gamer (February 10, 2021) On Gadget 360 I reality I was using this phone from the last 3 months and worked well For games as it has a Qualcomm Snapdragon 720G Gr processor Azie Redmi to provide this excellent phone for the game purposes and my YouTube game Thank you very much, I would recommend this product to all this review is useful? (1) Reply Nitin Bhatia (January 3, 2021) On Gadget 360 recommend super look .. And all the beautiful in this phone .. But sometimes receiving the rapporteur does not work properly ... and the services are not good .. This review is useful? (1) (1) Reply Jithin Joseph (March 13, 13, 2021) on Gadget 360 I have the same problem .. How is your phone now? Is it solved? This review is useful? Reply ashish kumar singh (23 needle, 2021) on gadgets 360 3 times the mobile phone card has changed and the problem has been rewind while talking, no conference call, automatic data cancellation New This review is useful ? Reply the worst phone, the speaker problem, restart the apps yet and again to use Forever Jayzz (March 23, 2021) on the worst phone gadgets for Å €, Å € à¹7000, speaker and problm receiver sent to the service center 3 times for The same probm that have only updated system software and returned the phone, straight on the face indicating the lie that has changed the speaker and the receiver. It is not able to listen to the other person's voice up to earphone cap or turn on the speaker mode. When you listen to the music Å " Å¿¼Å " * Å¿¼Å App It closes often and you have to restart the app again and again, the same with Instagram and while you are in online meeting on app like WebEx. Heating while charging. What else redmi? I have a note 6 of redmi as the incredible work phone that is why I had this phone trusts the performance of the note 6 pro ... but the redmi note 9 pro max has become worse à¹¼Å " * Å¿¼Å " Å¿¼Å Å½ Å½ Å½ I hate every day new problem. I paid 17000 for a refusal Is this review helpful? Reply to Hyanshu Saxena (November 15, 2020) On Gadget 360 there are many apps that do not work in this mobile & bug problem this mobile device is normal, each app is showing a bug and app report. There is a coupling PRVBM more in one day. This review is useful? (4) (5) Reply do not buy redmi phones in particular note 9 pro max it's sm (23, 2020, 2020) on gadget 360 after using this phone for 7 days of earphones does not work properly very distortion in the sound and When I talk about noisy speaker, the microphone doesn't work. What the shit is made from redmi. After contacting customer service for replacement, They said you can vidity service center for repair within 1 year Å¿ ~ "Å¿ ~". This review is useful?
